

## Welcome to Share-A-space Forum in Vaasa, Finland September 22, 2011

Space is limited so the Forum is Invitation only. Participation is free of charge.  
It is intended for End-users, Systems Integrators as well as PLM Analysts.

If you have an interest to attend please contact your local Eurostep representative or email [hakan.karden@eurostep.com](mailto:hakan.karden@eurostep.com)

Share-A-space is by some called “Game Changing” and Eurostep has received awards from Microsoft as well as Logica for the Innovative approach with Share-A-space.  
In spring 2011 Eurostep was named a Cool Vendor by Gartner.

Share-A-space will be featured in some of the presentations during PDT Europe 2011 as it designed using standards such as STEP AP203/214, 233 and 239 (PLCS). By attending PDT Europe 2011 you will arrive to the Share-A-space Forum with a lot of background information about the standards implemented and business benefits realized.

The Forum September 22 is for those who are using or considering near term use of Share-A-space.  
Here you will learn more about the details and how to use Share-A-space.

Eurostep will present why Share-A-space is the best Collaboration Hub on the market.  
Eurostep will present Collaboration in the Supply Chain, Collaborative Systems Engineering, Collaborative Product Support and how a PLM Master Data Management is designed. And more.

By attending the Forum day you will learn about:

- How Share-A-space is different from what the big PLM companies offer
- How performance can be superior even with such rich data models
- How Share-A-space implements a Microsoft based architecture
- How easy it is to implement Share-A-space and integrate with other systems including legacy
- The value that the combination of Share-A-space and SharePoint offer – how Share-A-space is complementary to SharePoint
- News around Share-A-space
- The plan ahead

There will be a Q&A session at the end of the day.

*Most welcome!*

Håkan

Håkan Kårdén  
CEO Eurostep Group
